## SCITON iQ™ - Practice Intelligence Amplified

A revolutionary cloud computing data intelligence program that empowers practices with system and treatment data analytics to gather business insights.

- Smart intelligence
- Fact based data
- Trend reports

# KNOW YOUR PRACTICE TO GROW YOUR PRACTICE

SCITON iQ™, a revolutionary program empowering practices with system and treatment data analytics. It features dashboard audit reports on specific procedures giving practices a valuable business tool for intuitive planning and resource utilization.

## WORK SMARTER, NOT HARDER<sup>1</sup>

The real-time data analytics can help inform you about which treatments are most popular, take less time / resources and ultimately which treatments have the best ROI for your clinic.

SCITON iQ takes the guess work out, so you can grow your practice.
