Immune Defense Pack

Targeted nutrients to support a healthy immune response and cardiovascular function*

Immune health requires an all hands on deck approach. Immune Defense Pack not only provides targeted nutrients to support a healthy immune system, but it also incorporates nutrients to address cardiovascular health since the health and functioning of both of these systems can affect the other.*

Why [Immune Defense Pack](#)?

Immune Defense pack features an arsenal of products with six evidence-based ingredients research has shown to:

- Support a healthy immune response*
- Protect against oxidative stress*
- Support cardiovascular health*

This convenient daily pack can easily be integrated into an already established supplement routine or act as its own tailored regimen to help maintain immune health and cardiovascular function.*

What's in the pack?

[Quercetin 500](#)

- Quercetin has excellent free radical scavenging antioxidant activity and supports a healthy immune response.*
- This polyphenolic flavonoid also supports cardiovascular function by promoting healthy HDL function, maintaining healthy blood pressure levels already in the normal range, and encouraging healthy endothelial function.*

[Ultra Potent-C® 1000](#)

- This formula provides 1,000 mg of a proprietary, patented vitamin C formula that features a buffered delivery system designed to help prevent potential stomach upset. *
- Ultra Potent-C supports immune function by helping promote natural killer cell and white blood cell activities.*
- Each tablet features a unique blend of metabolites that may enhance the bioavailability of the preparation. *

[D3 5000™](#)

- This formula features high-potency vitamin D₃—the most bioactive supplemental form of vitamin D.
- Vitamin D provides unique support for long-term immune function and well-being.*
- Some research suggests that vitamin D sufficiency may contribute to cardiovascular health and function. *

[Immune Active™](#)

- This formula features 150 mg EGCG per serving as decaffeinated green tea leaf extract.
- One serving contains 600 mg of N-acetylcysteine (NAC) that acts as a precursor to the synthesis of glutathione, a key antioxidant produced in the body.*
- Immune Active also features high-potency vitamin C and zinc, and quercetin to help support a healthy immune response. *

Supplement Facts

Serving Size 1 Packet
Servings Per Container 30

	Amount Per Serving	% Daily Value
Vitamin C (as Ultra Potent C* and ascorbic acid)	1200 mg	1,333%
Vitamin D (as cholecalciferol)	125 mcg (5000 IU)	625%
